ABOUT THE INSTITUTION

College of Engineering, Kidangoor is one among the premier educational institution in the field of professional education, under the Co-operative Academy of Professional Education (CAPE), a Government of Kerala establishment. Started functioning since 2000, the equality of performance and training is widely accepted and appreciated, which is further re-iterated with the records set every year in the higher rate of university ranks and campus placements with MNCs.

Affiliated to the Cochin University of Science and Technology and A P J Abdul Kalam Technological University, presently the institution offers B. Tech courses (CE, CSE, ECE, EEE, EIE and IT) and M. Tech courses (CS & EC) dedicating about 450 quality professionals every year for the nation building. The college, now in the seventeenth academic year, has already established itself as one among the leading Engineering Colleges in Kerala.

Vision

To be a leading engineering institution in the region, providing competent professionals, who engage in lifelong learning, driven by social values.

Mission

To prepare engineering graduates for the development activities of the society and industry, and to prepare them for higher engineering education.

About the Colloquium

The research colloquium will provide an excellent platform for knowledge exchange between researchers, and academicians working in different areas of Civil Engineering such as Concrete Technology, Geotechnical Engineering and Transportation engineering. It will give an opportunity to young researchers to discuss with the distinguish experts and fellow participants. The programme also aims to give an exposure to the trends, issues and challenges in these fields.

The main objectives of the programme are:

- To orient young researchers to take up effective research in the field of Civil Engineering .
- To interact with experts from academia in the relevant field.
